Measurements in mm

Socket measurement worksheet

Digital caliper: set mm, close jaws, press Zero, confirm 0.00 mm. Recheck before each socket.

Repeat widest diameter + full length readings. Use the largest of each; round to the nearest 0.1 mm.

BOTTOM PERSONALIZATION - STANDALONE: 1 ENTRY; GRIDFINITY: UP TO 4 PADS

SIZE (mm)

1		
2		
3		
4		

Each socket uses the same text size for its top and bottom labels. Use 6-12 mm, default 8 mm.
Text below 8 mm may print less clearly. Personalization has its own size.
Standalone = flat bottom. Gridfinity = modular feet. Leave unused socket rows blank.
